**Product description**

Also known as pipe cleaners, our chenille stems, with their lovely chunky nylon bristles, are great for expressing your creativity. Chenille is an ideal accessory for a wealth of creative hobby projects. The pipe cleaners are easy to shape however you wish and you can easily attach the ends together by twisting without the use of glue. Try making spiral shapes by wrapping your pipe cleaner around a pencil or similar. Glue the pipe cleaners in place with Sticky Base using your fingers – or use a glue gun.
