Product description

Practical and solid desk tape dispenser with 20 rolls of clear tape that makes it easy to stick your creative projects together. Tape is a material that you can find in all shapes and sizes. You can find clear tape, packaging tape and

invisible tape, but you're probably most familiar with the classic office tape – either from home or from work. It's the one we always use when things need sticking together. It's practical and straightforward, and as long as it's in a tape dispenser, nothing can go wrong. We'd go so far as to recommend you always have a tape dispenser on the table, because then you're always ready for all the taping tasks that come your way. You can find many different types of tape on our website. Here, you'll find everything from masking tape, power tape and gaffer tape to double-sided adhesive tape and packaging tape. Our tape dispenser makes Christmas gift-wrapping a breeze, and makes your birthday presents look neat and sharp. With this tape dispenser, you always have a handy helper on your desk – and it's always ready to help you stick everything together. Simply mount the tape in the dispenser on the plastic wheel provided and get started on both practical and creative activities.
